

The Society of Reproductive Surgeons

An Affiliated Society of the American Society for Reproductive Medicine (ASRM)

Volume 1, Number 2

Fall 2008

Mission Statement

The Society of Reproductive Surgeons was founded in 1984 to serve as a forum for members of the American Society for Reproductive Medicine with special interest and competency in reproductive surgery.

The Society of Reproductive Surgeons strives to promote excellence in gynecologic and urologic reproductive surgery by providing and encouraging professional education, lay education, and by fostering research. By achieving these goals, it is the belief that this Society will assure the highest quality of patient care.

Approved by the SRS Board of Directors, May 1996

Message from the President Tommaso Falcone, M.D.

The Society of Reproductive Surgeons (SRS), a specialty society of the American Society for Reproductive Medicine (ASRM) that focuses on the surgical care of patients affected by reproductive disorders, welcomes you to its Newsletter outlining our program at the ASRM Annual meeting. Through our diverse program of oral and poster sessions, debate, telesurgery, a unique post-graduate course, and plenary presentations, we hope to appeal to the entire SRS membership and perhaps attract new ones.

SRS will sponsor a one-day hands-on post-graduate course that deals with new technology. Dr. Steven Palter is the course director. Technical courses have been championed by the Society of Reproductive Surgeons and represent a critical educational opportunity for all members of ASRM.

The SRS Ethicon Lecturer will be Dr. Stefano Bettocchi from Italy who will present an insightful plenary session talk on "Office Based Hysteroscopic Surgery". We also are hon-

(continued on page 4)

Message from the Editor Magdy Milad, M.D., M.S.

It has been a great pleasure and privilege to serve as the SRS newsletter editor over these past two years and I am grateful for the experience. I wish to thank Togas Tulandi for his invitation and inspiration as well as the current president, officers and committee chairs who have been so cooperative. My special thanks to Jil Clowers at ASRM who does most of the work, and to those who have submitted articles for the newsletter. Editing the newsletter has been fun, and doesn't require any special skills. A young member of the Society might find it particularly rewarding, since it is a position that encourages networking and provides a unique perspective of the society. I encourage members of the Society to consider this position or, at the minimum, provide articles of interest to the editor. I wish the new editor every great success, and I am happy to give assistance as needed.

Thanks for the memories.

Respectfully Submitted,
Magdy Milad, MD

Surgical Hands-on Course

New Technologies in Reproductive Surgery: Diagnosis and Therapy

Developed in Cooperation with the Society of Reproductive Surgeons (SRS)

Faculty

Steven F. Palter, M.D., Chair

Keith B. Isaacson, M.D.

Tommaso Falcone, M.D.

5:00 pm - 5:45 pm

Members' Meetings

MONDAY

10:15 am - 12:00 pm

Society of Reproductive Surgeons Telesurgery

Cytoreductive Surgery for the Treatment of Endometriosis in Patients for Infertility and Pain

Moderator: Anthony A. Luciano, M.D.

Camran R. Nezhat, M.D.

Roundtables

12:15 pm - 1:15 pm

RTM45. *Fertiloscopy*

Charles H. Koh, M.D.

RTM46. *Surgical Therapy of Stage III-IV Endometriosis*

Grace M. Janik, M.D.

RTM47. *Surgery Therapy for the Patient Who Chooses Not to Have IVF*

Ceana H. Nezhat, M.D.

UPCOMING ASRM ANNUAL MEETINGS

OCTOBER 17-21, 2009
GEORGIA WORLD
CONGRESS CENTER

ORLANDO, FLORIDA

TUESDAY

Roundtables

RTT44. *Robotics in Reproductive Surgery*

Antonio R. Gargiulo, M.D.

RTT45. *Laparoscopic Myomectomy*

Stephen M. Cohen, M.D.

RTT46. *Vasectomy Reversal - When to and Not to Offer Therapy*

Peter N. Schlegel, M.D.

1:45 pm - 2:30 pm Plenary Session 4

The Society of Reproductive Surgeons Ethicon Endo-Surgery, Inc., Endowed Lecture

Office-based Hysteroscopy

Stefano Bettocchi, M.D.

Distinguished Surgeon Award Presentation

David Leon Olive, M.D.

WEDNESDAY

11:45 am

AAGL/SRS Jay M. Cooper Endowed Award for the Best Prize Paper on Minimally Invasive Gynecology

Validation Study of the Use of Video in Laparoscopic Training: A Randomized, Controlled Trial

Patrick P. Yeung, Jr., M.D. (Presenter)

Tiffany Justice, M.D.

Resad Paya Pasic, M.D., Ph.D.

Roundtables

RTW41. *Ovarian Cryopreservation*

David A. Ryley, M.D.

RTW42. *Management of Asherman's Syndrome*

Charles M. March, M.D.

RTW43. *Surgical Therapies for Hirsutism-Ovarian Drilling, Laser Hair Removal*

Jeffrey M. Goldberg, M.D.

RTW44. *Evaluation and Operative Management of Mullerian Anomalies*

Carla P. Roberts, M.D., Ph.D.

RTW45. *Postoperative Adhesions: The Extent of the Problem*

Michael P. Diamond, M.D.

3:45 pm - 4:45 pm

Society of Reproductive Surgeons Debate

Robotics for the New Laparoscopist: Yes or No?

Gary N. Frishman, M.D.

Antonio R. Gargiulo, M.D.

Charles H. Koh, M.D.

Resident Education Committee Magdy P. Milad, M.D.

(FALCONE - continued from page 1)

ored to recognize Dr. David L. Olive as our SRS' Distinguished Surgeon Awardee. Dr. Olive has long been recognized as a leader in reproductive surgery. Our debate will focus on the role of robotics and will be between Dr. Charles Koh and Dr. Antonio Gargiulo.

Many outstanding papers that submitted. The SRS Prize Paper is entitled "Successful Pregnancy after Whole Ovary Microvascular Transplantation" and will be presented by Sherman J. Silber, M.D. Congratulations to Dr. Silber, who has pioneered this work on transplantation. The AAGL/SRS Jay M. Cooper Endowed Award for the Best Prize Paper on Minimally Invasive Gynecology will be give to Dr. Yeung from the University of Louisville for a paper entitled, "Validation Study of the Use of Video in Laparoscopic Training: A Randomized, Controlled Trial".

One of the most important goals for our Society is to encourage a new generation of reproductive surgeons. We recognize the work of junior members by presenting the in-training awards. These are:

"A Randomized Controlled Study Comparing Two Standardized Closure Methods of Laparoscopic Port Sites" by Dr. K. Chen, "Clinical and Cost-Effectiveness Analysis of Da Vinci Robot Assisted Versus Laparotomy Myomectomy" by Dr. G. E. Glaser, "Transvaginal

Ultrasound-Guided Ovarian Interstitial Laser Treatment in Anovulatory Women with Polycystic Ovarian Syndrome: A Randomized Clinical Trial on the Effect of Laser Dose Used on the Outcome" by Dr. Wenjie Zhu.

The Society has had a busy year, with active support of all the board members and members of committees. Please look online at the SRS website to look at the different committees of the SRS and those of the ASRM to which the SRS sends a representative. A special thanks goes to Dr. Ceana Nezhat who is responsible for domestic membership. He was able to procure special funds that will allow physicians in an AAGL/SRS fellowship to become members for free. I would also like to recognize Dr. Lindheim who is responsible for our website, and Dr. Milad for our excellent newsletter. All members of the board and committees are committed to making this society stronger and more vital for a future generation of surgeons. Finally, I would like to thank Dr. Tulandi for his tireless work on the board. He is the Past President, and will be rotating off.

We welcome feedback and participation by all SRS members. There are many committees such as the "literature reviews" that are always recruiting new members. If you have any suggestions for topics to be further considered by SRS, please feel free to contact me or any other member of the Board of Directors.

(see <http://www.reprodsurgery.org>)

Benefits of Membership to SRS

- Involvement in the only society that specifically addresses the issues of pelvic reconstructive surgery in women of reproductive age
- Interaction with a national and international group of surgeons who share an interest in reproductive surgery
- The opportunity to review research abstracts with a focus on reproductive surgery
- Participation in round table discussions at national meetings
- Discussion of novel surgical techniques through video sessions
- Postgraduate courses on endoscopic surgery
- Participation in a collaborative research project addressing surgical outcomes
- Biannual issues of the SRS Newsletter

The Society of Reproductive Surgeons

The Society of Reproductive Surgeons

An Affiliated Society of the American Society for Reproductive Medicine

The Society of Reproductive Surgeons was founded in 1984 to serve as a forum for members of the American Society for Reproductive Medicine with special interest and competency in reproductive surgery. The Society of Reproductive Surgeons strives to promote excellence in gynecologic and urologic reproductive surgery by providing and encouraging professional education, lay education, and by fostering research. By achieving these goals, it is the belief that this Society will assure the highest quality of patient care.

APPLICATION FOR MEMBERSHIP

PLEASE PRINT
